
THE HERO PACKAGE FOUNDATION

The Hero Package Foundation was founded by Rhode Island police officer, Jennifer Pacheco. In 2018, while on duty, Jennifer met three-year-old Emerson who was courageously battling Acute Myeloid Leukemia for the third time. Emerson is now cancer free, but the battle against childhood cancer continues.

The goal of The Hero Package Foundation is to not only raise awareness, but to also bring hope and happiness to the real heroes battling something greater than all of us.

The mission will be carried out by sending Hero care packages to children battling cancer and other life-threatening diseases. Each Hero Package will be sponsored by a participating law enforcement agency and will contain memorabilia from that department, a department photograph, a Hero Package Foundation t-shirt, and other items tailored to the child's individual wants and needs.

One Hero Package, to include shipping, costs a minimum of \$200. Along with department-supplied memorabilia, donations for the Hero Package can be sent through Venmo with the agency name notated.
